## All about Natalia:

**Natalia has been dreaming of wanting to go to the U.S. as an exchange student since she was 12 years old! She looks forward to the holidays, sports and making friends on program. She lives in two different houses as she spends a few days a week in both the home of her mother and father. Natalia is an only child and would love to have a host sibling on program. She does not have any pets, but has owned a dog and hamster in the past. She loves to travel, and has been to London, Paris, Dublin, Amsterdam and Belgium. She loves the feeling of being in an unknown place. Her interests are dance since age 7, tennis, and going to the gym 3 days a week with her father. Welcome Natalia to your heart and home this August!**
