Home Life:

Colin lives with his mother, father, and brother

Interests & Achievements:

Soccer, Fitness, Meeting with Friends

All about Colin:

Colin serves as the First Aid assistant in his school and is called when accidents happen to others in his school. This shows he care and compassion for others. He is passionate about sports, but his favorite is soccer. Most days he practices for about 1.5 hours. He also enjoys going to the gym to work out or maybe play video games. He lives with his parents and older brother. They also have a pet dog and rabbits and chickens in the garden. He believes he is a self-confident person and gets along with others even if he does not know them. Share your American and apply today to host Colin this spring!
