Home Life:

Sherry lives with her mother, father, and sister

Interest & Achievements:

Reading, Watching Movies, Volleyball, Drawing, Church Choir, Meeting with Friends

All about Sherry:

Biology is the favorite subject of Sherry because she is curious about the natural sciences. She plans to study it in college and become either a doctor or scientist. She spends her free time reading English books and novels, meeting with friends, watching movies or TV series. Her favorite movies are adventure or mystery and romantic comedy is her favorite TV series type. She has been playing club volleyball for three years and there is also a team in her school. She enjoys drawing and has learned from her mother. She participates in a church choir. Every Friday her family goes out together to the grandparents, to a park, to a restaurant, or the movies. She hopes to share a special bond with her new host family and exchange culture. Are you ready to punch your passport to Egypt?
