Janice lives between the countryside with her mother and the city with her father and stepmom. She has an older sister and a little dog. She travels to school by bus. Janice feels she is like a fish in water. She loves Italian foods such as pizza and pasta, Chinese food and Japanese food such as sushi. She loves to bake deserts at home. She speaks Dutch fluently as she did an immersion program during her primary studies. She wants to master English as it will be beneficial for a future in political science or communication.
