Can Live With Pets?	Yes

Home Life:

Elisabeth lives with her mother, father, brother and sister

Interests & Achievements:

Reading, Social Media, Meeting with Friends, Paddle Boarding, Crochet, Board Games

All about Elisabeth:

Crocheting while relaxing and watching a movie or TV series is one of the ways Elisabeth spends her free time. Right now, she is watching the Grey's Anatomy series. She crochets many different items from clothing to bags to plushies. In the summer she likes to go paddle boarding with her family and friends. It is a good workout for her and she enjoys a good laugh if the people she is with fall into the water. Books allow her to calm down after a busy day. She loves to read books in English as the authors she likes are American. She does not have a favorite genre as she reads anything from romance to thriller. She lives at home with her parents and older brother and sister. She also has another older sister that lives nearby with her fiancé and baby. Her family spends time together at her home for gatherings, playing games or for the holidays. Learn more about the Danish culture by applying to host Elisabeth today!
