All about Prune:

During covid Prune discovered sewing and made nose masks for all her family. She is considering a future career in fashion design as she loves both clothing and the process to create them. She enjoys painting and likes to paint on clothes, canvas, vinyl records or even the back of old jean's pocket. She has played the piano since she was three years old. She competes in rhythmic gymnastics and takes modern dance classes. She lives with her parents as her older sister and brother are studying at college. She has traveled with her family to the U.S. and Africa. She is looking forward to her year abroad and wants to join a cheer team as she has researched the sport. Can you help Prune make her "American Dream" come true?
