All about Nana:

Nana lives in a beautiful city that is both near the mountains and the sea. This allows her to either go walking in the mountain forests or swimming on a hot summer day. She lives with her parents in an apartment. Sometimes they spend special holidays with nearby family. She loves to hang out with her friends going to picnics or having sleepovers. In her free time she likes to listen to music, go for a walk or read. Her favorite book this year is “1000 Splendid Sun” by Khaled Hoseini. She shared she loves to sing and dance also, although she is not the best at either. She dreams of living in America and sharing the experience with a host family for a year. This will help her learn a new culture, language, and meet new people. Can you help Nana make her dream come true?
