All about Raffaele:

Raffaele is determined when he sets his mind to something and will follow it through. He practiced this skill as he learned to play chess and solve a Rubik's cube. He is a sociable person and tries to be in the company of others. He enjoys meeting with friends, listening to music, playing chess or the PlayStation. He has a close relationship with his parents and older sister, who studies at the university. He does not cook very often, but when he does, he prepares risotto and pasta. He hopes the experience will help him become more independent, learn English, and a new culture. Grow your international family and apply to host Raffaele!
