## All about Aniek:

Aniek has an extroverted personality and always takes initiative for what she hopes to achieve. She hopes to build a strong bond with her host family, meet new people, and experience school spirit during her American exchange. As an avid horse person, she goes to the stables daily to ride. She also enjoys going to the gym 4-5 times per week. Aniek works part time at a supermarket, a catering business, and the stables. She is creative and enjoys drawing or making jewelry in her free time. She is unsure of her future, but has thought about teaching as a possibility. Invite the world into your home and apply to host Aniek this fall!
