All about Armin:

Armin attends a scientific high school as he is interested in mathematics, physics, and computer science. After school he likes to do athletics, play music, read books, or go for short walks in the countryside. When relaxing at home he loves to watch American movies, especially westerns. He also loves to spend time with his little sister. He enjoys traveling and getting to know new places and cultures. He can be seen as shy and reserved, but feels he is calm and thoughtful, wanting to get to know the other person better. Armin is eager to experience the real United States, not just as he has seen in the movies. Share your everyday “American Life” with Armin and apply to host today!
