All about Unai:

Hello, I'm Unai and I live in Spain. I live with my family. They are the most important of my life. I like to spend time with my family and friends. Family is so important to me.

I like to stay with them and play boarding games and just talk. My closest friends are from swimming and triathlons. I'm outgoing and funny and get along well with others. I like to do everything the best it can be.

My father has always told me that is very important to do things the best I can the first time. I like to read and my favorite books are Harry Potter. I eat it with different vegetables. My favorite food is sushi. It is important for me to take care of the nutrition to have a good performance in my trainings and competitions.

One big part of my life is the sport, it's essential for me. I love to swim. My favorite and best swimming style is the breaststroke. I train every morning before school. I'm in a team of triathlon where I train two afternoons run and the weekends road cycling. In the future I want to study medicine to be a good doctor, in specific a surgeon. My big dream is to travel and visit many countries around the world. I hope you liked it. I'm excited to take part of this experience and be part of your family for one year to live unforgettable.
