All about Nathan:

Hello, my name is Nathan/ I just turned 16 this year/ I'm also a Christian living in a Christian family. I love playing basketball but before all, I love music, I play the piano, the guitar and I'm also a music producer.

If I should describe myself, I'd say that I really like talking to people about everything (it would be a great occasion to talk about French culture). I am very open minded and love to meet new people. Now, to tell you about my motivations; I'm taking part in this project because American culture seems to be really interesting even more for French people and I would like to discover it. It would be a great opportunity for me to make new friends and also improve my English Being in constant contact with English speaking people would be such a good opportunity for me. This project could help me a lot to find a career plan. It would be, for me, such a pleasure to meet you in real life!! Thank you for taking the time to read this and I hope to meet you next year!

(P.S. I'm also really comfortable with pets so if you have any animal, it won't be a problem to me)
