Can Live with Pets?	Yes
Double Placement?	Yes
Single Adult Host?	No

Home Life:

I live with my mother, father, and brother

Interest & Achievements:

I enjoy computers, reading and rowing.

All about Luise 'Fabian':

Hello, my name is Fabian,

I am 14 years old and I'm from Germany I enjoy riding my bike a lot. I go to school by bike every day and I also use it to get to other locations like the rowing club by the local harbor. I row twice per week. I also did judo before the time of the corona virus. Another sport I like is skiing. I started it when I was in kindergarten. I still go skiing every year. I also joined the computer science group at my school, so I can choose it as one of my advanced courses, because I think it is very useful in these days to have a good knowledge about computers and I also enjoy programming. I think it's very creative. I am a member of the "Hector-Seminar ", an extracurricular group focusing on maths, computer sciences, natural science and technology, where we do very cool stuff. And I like to play the piano, sometimes more, sometimes less. Last but not least, after my confirmation I started helping the 13-year-olds in their confirmation class once a week in our parish.

Other things you should know about me: First of all, I want to say something about my eating habits. I try to avoid meat, but it's not totally strict, so once a week is no problem, I try helping around the house as much as I can (I take care of the laundry or the dishwasher).

I hope to experience how families live in the USA. For sure it will be different and maybe even difficult, but I enjoy meeting new people.
