All about Emma:

Dear host family,

My name is Emma, I am a sixteen year old girl who live in a small town in Italy. I cant belive I'm finally writing this letter! These words will finally allowed me to find wonderful people like you who, by putting up with me for 6 months, will help me realize my dream: to improve my english immesurable and become a perfect american girl. What about my real family? My father is 48 and a building contractor; my mother is a nurse, I have 2 older brothers and I have 2 cats Cleo and Phoebe. I find myself quite in agreement with my brothers, but they are too big and we dont have common interests, so I hope to have one my age in America.

I attend the Industrial Technical Institute, as I would like to become a nurse just like my mother. I like to study, and I never had any problems at school, maybe this could be stranger. My favorite subjects are mathematics and anatomy and biology. I am very active and in my free time I cannot stay without doing anything. I love to do physical activity. What I like the most is basketball. I play basketball 3 times a week and I love it because I feel free when I play. Another sport I've heard about and I'd like to try is surfing, it must be a lot of fun! I cant wait to see a football or a game in the United States!

I also love sepending time with my family, especially during the summer when we go to the beach. In winter we also go skiing. As a good italian, I love to cook: I usually cook pasta with different sauces or cakes (I am really greedy!) I cant wait to cook italian dishes for you, so I can bring a piece of my home of Italy to your home.
