## All about Maya:

My name is Maya and I'm 15 years old but on my departure I'm already 16. I'm from Germany and I live in a village near Würzburg where I also go to school. I have a big sister. I also have a little brother. I have a good relationship with my siblings and with my parents.

In this year (2021) I started playing tennis and would like to continue playing it in America. But I am also open for new things. I love listening to music. For me is spending time with my family very important. I love riding bike with them, do adventures and going on vacation. Outside of school, I work in a supermarket to earn some money. My favorite subjects are English, Economy and Law and Sport.

Then to my character. I am a very open and helpful but at the same time a little bit shy person. I am very tidy and determined. I am experienced as very self-confident. In some situations, I'm too honest and too direct that some people take it wrong, even though I didn't mean it badly. If someone is feeling bad, they know they can always count on me, and I always listen to them.

I am very grateful that you took the time to read my letter and would be ready to welcome me and let me become a member of your family. I'm very excited to get to know you and can't wait to see you in summer and start a new life in the USA with you.
