## All about Karen:

Hiii to everyone, I'm really looking forward to meet you!

Well, my name is Karen I live with my parents and my brother, my mum is called Marta, my father is called Rubén, and my brother is called Iker and he is younger than me. I really like to be nice with every kind of person, I don't like anyone to be unhappy in their lives, that's why I'm, most of the time laughing and smiling as I want people to be comfortable when I'm with them.

I've been playing lots of sports during my whole life such as: Dancing, both classic and street dance, gymnastics, horse riding, athletics, zumba and paddle surf, and relating to normal activities I took Drawing classes and also drama classes' since I was 9 years which I really loved, because I really like acting, and expressing your feelings in a stage in front of people it's a really great feeling. I have competed in long jump Olympics in my town several times and I got two of them in the first place.

Since I was little I've always wanted to become a doctor, specially a heart surgeon, but not because of the fact that they earn lot of money, in fact is because It will be incredible to save a person's life, also because my grandma has heart diseases and saving her in a future would be the best thing could ever happen to me.

So to finish I would like to add that, living in the USA, studying, meeting new people, socialysing and learning new languages and different culture was one of the biggest dreams I've ever had.
