All about Jan:

Dear host family,

My name is Jan and I'm 16 years old. We- that's my parents, me and our dog- live in a house with a nice garden. Since I was in America as a little boy for a holiday, I have had the wish of going there again and discovering more parts of your large country. So I was happy to seize the opportunity of living half a year in the US. I already thank you now for taking me in your family and I look forward to meeting you and living in your family. I'm attending the 11th grade and I'm excited to find out what's about the "American spirit" in high schools.

As I am a real sports enthusiast I'd love to be able to participate in a sports program in school. My favorite subjects at school are chemistry, math and history. At our school I was elected class and head boy for 3 years and I learned a lot about argumentation, cooperation and finding compromises in order to manage problems among the students themselves and with the teachers. It would be so interesting for me to live in an American family, because it'll be much different from staying in a vacation home. I'm excited to discover the differences as well as the things we have in common.

I love the American way of having good BBQ, I like steaks, potatoes and vegetables. At home I'm a member of a rowing club, which is really close to our home. This year I spent most of my free time preparing for the German Junior Nationals. Moreover, I enjoy playing tennis or golf with my friends, go for a swim or just chill with them and talk about what's going on. Frequently I take care of my dog Jezi and I go for a walk with her. Now you've got to know a little bit about me and I hope you enjoyed reading my letter. I'm really looking forward to staying in your home!

Kind regards, Jan
