All about Franziska:

Dear future host family, First of all, I want to say thank you for choosing me to live 10 months with you and give me the opportunity to be part of your family. My name is Franziska and I am 15 years old.

I am currently attending the 9th grade of. My favorite subjects are Politics & Economics, English, History, Latin and Sports. Sports have always played an important part in my life. I do track & field, especially running short and also long distances. I am practicing three times a week for about 2 hours. But I am interested in other sports as well, so I would be really happy to try a new sport in the US. Something that also makes me happy is traveling. Visiting and exploring new places is one of my favorite things.

In my free time I like to meet my friends. In a friendship it is important to me to have fun but also being honest and supporting each other. We like to go shopping, take photos, have sleepovers and of course talk a lot. I also enjoy my big family meetings, when we celebrate events like birthdays.

I would describe me as a very positive, open-minded, communicative, funny, disciplined, and reliable person. I'm looking forward to find new friends and settle in the new environment. It has always been my dream to spend quite a long time abroad, this is how I came up with the idea of an exchange year. I am excited to get to know your culture and participate in typical traditions like thanksgiving or homecoming.
