All about Kati:

Dear future host family,

my name is Kati and I'm 15 years old. In my freetime I love to play the piano which I've been playing since I'm five years old and practice it with my grandfather every week. I also play field hockey twice a week and have usually games on the weekend. I really like this sport because it's a team sport and this makes so much fun together. I also play Tennis once a week and draw very often. If after homework and all the other activities some freetime is left on a day, I read, read and read even more. For me it's so beautiful to create a fantasy world. I sometimes bake muffins or cookies, but I have to say that I'm not very talented in cooking. So I can cook easy things like pasta or pancakes, but not much more because my brother Ben is a very good cook and he usually prepares our meals with my mum. And of course, in my freetime I go shopping and meet my friends and do funny things with them like teenagers do. If I have to describe me in five words I would say that I'm communicative, I laugh a lot, I'm very organized, I'm happy if I can help others and I'm creative and maybe a little bit crazy. Ok that were more than five words, but I think these words describe me very well.

I know that it is a great offer of you to invite a strange exchange student but I'm looking so much forward to my year abroad in the US and to get to know you. So, I want to say thank you so much to you and I hope you are so excited like me about this time we will spend together. I hope we will see us and we can get to know each other.

Kind regards
Kati
