## All about Vichawit:

Dear future host family,

My name is Vichawit or you can call me "Post". Now I'm 15 of age. On my spare time, I often listen to music. My favorite artist is Post Malone because we have the similar name. My nature is that I am very talkative person, very friendly and happy. I am studying in 10th grade. In Thai school right now, we are doing online version of the school due to COVID pandemic.

Other my hobbies include ROV game that I play with friends. I like to ride my bike, play soccer and fitness. I want to study in the US and to be part of the Exchange Year Program because I want to discover new experience; studying in high school in America has always been my dream. I want to improve my English skills and my family in Thailand has always been in support of me of going abroad.

I want to discovery some new experience. My goal in life is to be Pharmacist and when once study in US I think I could help more people and help enabling me to study further in the future.

Look forward to seeing you soon :)
