All about Mireia:

I'm Mireia a 15 years old girl, I live on a little island in Spain. My biggest passion is basketball, I would play it every day!

But also I like to listen to music travel, little kids and dogs. I have two little dogs. I'm an extroverted person although at the beginning I'm a bit shy, but I love meet new people.

One of the many reasons why I want to study in USA the next year is because I would like to improve my English.

I would like to be able to speak it as well as Spanish. Another reason is because I had never been in America and I had always seen movies, videos, photos of it and I think it's an amazing place. I have seen a lot the "Thanksgiving" which is too different for my because in Spain we don't do it. I would love to see it. In conclusion I think it's an experience I would never forget so I would really like to go there the next year and share with you.
