Home Life:

I live with my mother, and brothers.

Interest & Achievements:

I enjoy listening to music.

All about Marina:

My name is Marina, I'm 15 years old. I live with my 2 brothers and my Mom, we also have a dog called Rocky. My dad lives apart from us. I don't get to see my dad or my little brother much because we live far from each other/ We meet some weekends when they come to visit.

One of the things that I love the most is swimming, I have been swimming for my school's team since I was 6, I also like volleyball, but I haven't played for too long yet. I love to spend time with my family and do outdoor activities, hang out with my friends and travel to know new places. I go to a private school and I have been going to the same school for 13 years. One of the subjects that I like most is biology since I would like to study biology or physiotherapy in the future, I also like arts and crafts although I'm not a very good painter, but I like to learn new things.

I love when I go on a trip with my family outside of the country. This summer I went with all my family to the beach and it was great, I also love it when we have family meals for birthdays, Christmas and all kids of celebrations.

Thank you very much for hosting me with you.
