All about Matija:

Dear family!

My name is Matija. I come from a small town in the middle of Germany. Actually, I visit the secondary school, a gymnasium, in the 9th grade. My favorite lessons are history, physics, sports and art. In my free time I do swimming. I would even say swimming is my biggest passion and I probably do it the most. I do have to admit that I am not that bad at swimming since I won several competitions with a gold medal and the first place in a regional competition. I also currently work on my lifeguard and I am about to get the silver badge in February in the swimming club of my town. Furthermore, I am playing violine. Since eight years I do this and won some competitions. Last but not least I do martial arts (judo) for a few months.

I don't think that homesickness is problematically for me. When I am in the US I want to get to know your live and maybe even live it myself. My biggest goal is to at least feel like I have been living in the US since my birth. You could say to feel as native as possible. And for this goal, I think I would almost do anything!

Greetings and I hope to get you to know very soon! Thank you for reading my thoughts and for your interest in my personality!
