Home Life:

I live with my mother and father.

Interest & Achievements:

Roller Skating, Cooking, wants to study Medicine

All about Natalia:

Hi! I am Natalia and next year I will become an exchange student in the USA.

I live with my family and my lithe dog India in a flat, in Spain. I am 15 years old and I consider myself hard-working and sociable. I Love spending time alone although my family and friends are very important form me and I love hanging out with them too. I love going shopping, going to concerts and skiing is my favorite sport. I

Also love listening to music by artists such as Adele, Coldplay, The Beatles, Olivia Rodrigo or Bad Bunny. In my pleasure time I like going to de cinema or going for a walk with my dog. I love animals such as dogs and cats although I prefer dogs.

In a future, I would like to study medicine and becoming a doctor is my dream since I am 8 years old, helping other people in one of my passions. I prefer cities than countries because I am used to them. I love coffee and I really enjoy cooking.

My frustrated dream is learning to play the piano but I now that is difficult and I need a lot of time. This has been a short presentation about myself and I hope you have like it. Thank you for reading, I will be pleased to meet you.
